

#### VINIFICATION

As is customary for all red grapes, with the inoculation of selected enzymes and yeasts, carrying out frequent pump-overs alternated with délestage, for a better and immediate extraction of color compounds.

#### AGEING

The wine is bottled in late spring, capable of preserving over time those characteristics of complexity and freshness typical of the vintage, which make it unmistakable. Undoubtedly a wine of extreme balance and consistent quality.

Brilliant ruby red colour.

## Merlot

### -Azienda Cantarutti Alfieri-

#### TASTING NOTES

Clear notes of freshly cut hay.

**Italy**  
**Friuli Venezia Giulia**
